

iPANEL®

PREMIUM LAMINATES

Premium Laminate

The special feature of the modern, just 0.7mm thick and solid compact material laminates is the visible colour core at the edges. This effectively accentuates the horizontal progression of the surface laminates. Choose from various modern colours. The totally water-resistant material can also be used for side panels as well as for surface edges.

Durabilty . Functional

Cost Effective

A budget-friendly alternative to HPL (High-Pressure Laminate)

Scratch Resistant

Ensuring long-lasting beauty and durability

Waterproofing

Superior choice for kitchens, bathrooms, and humid environments

Easy to Clean

Maintains a sleek and polished appearance with minimal upkeep

Felxible

Allows for creative curved designs and intricate detailing

Recycleable

Eco-friendly materials that reduce waste without compromising aesthetics

Non-Toxic

Safe and healthy environment, making it ideal for homes or anywhere
